

WAVE ENERGY IS A NEW TECHNOLOGY THAT IS BEING TESTED HERE ON THE OREGON COAST. TO MAKE SURE WAVE ENERGY IS SAFE FOR HUMANS, ANIMALS, AND THE ENVIRONMENT, PEOPLE LIKE SARAH THE BENTHIC ECOLOGIST ARE RESEARCHING HOW WAVE ENERGY MAY IMPACT THE ENVIRONMENT.

HI, I'M SARAH AND I RESEARCH THE POTENTIAL EFFECTS OF WAVE ENERGY DEVICES ON THE BENTHIC ZONE, WHICH IS AT THE VERY BOTTOM OF THE OCEAN. I STUDY THE ANIMALS THAT LIVE HERE AND HOW WAVE ENERGY DEVICES MAY AFFECT THEM.
